LG2347-LW/SC50

Lock Stitch Plain Zigzag Machine with Fabric Trimmer

**Enhancing productivity while saving labor and risk for defects!
and...**

- **High-speed fabric trimmer** installed right beside the needle drop trims fabric as you sew, with uniform raw edge. You can eliminate manual trimming operation and risk for damage coming from it.
- **Unique knife mechanism** ensures stable trimming performance for longer time than currently available equivalents.
- **SC50 Cut waste collector** keeps clean working environment and minimize downtime. (additional vacuum lint collector is required.)

■ **Specifications:**

DPvd 1	2	4.0	2.2(Max)	3000

Specification and appearance on this catalogue are subject to change without notice. For correct handling of products described on this catalogue, please read instructions carefully before operation.
